

## Description

Levven Quick-Mount wireless switches transmit to controllers to wirelessly turn lights and devices on and off. Use Levven Quick-Mount wireless switches anywhere in your home or business, including detached garages, gatehouses, exterior lights, and storage buildings to control devices without running wire to an installed switch location.

## Installation

Levven Quick-Mount wireless switches can be mounted onto any surface: brick, tile, drywall, concrete. Snap up to four CSQW switches together and finish with a screwless snap-on Designer Series cover plate. Additionally, the switch can be kept portable.
