

Create and use zones

1. ZONES

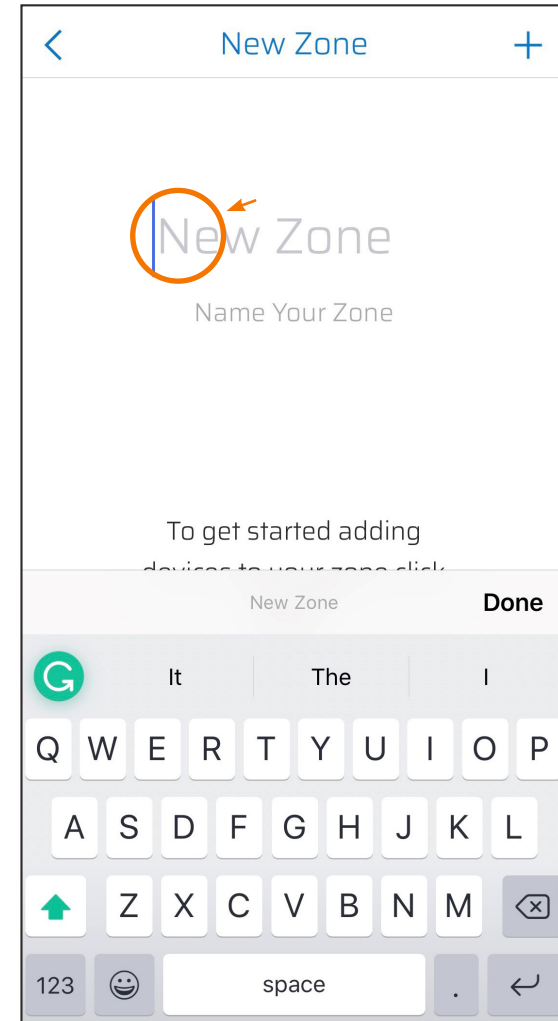

Zones are groups of controllers that you can operate together with one touch. Tap the 'Zones' button on the bottom of the app to start.

2. CREATE NEW ZONE

To create a zone, tap the "+" button on the top right corner of the app.

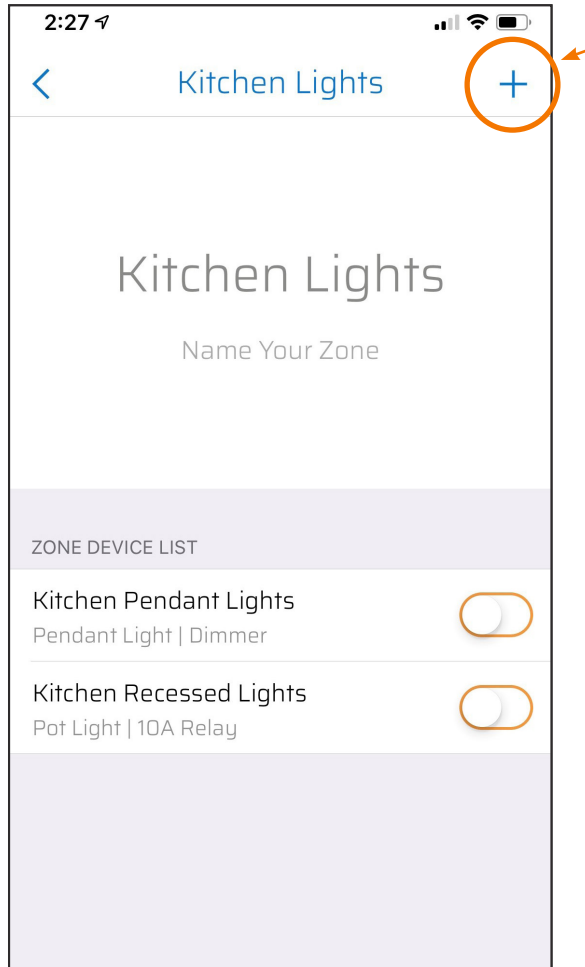

3. NAME YOUR ZONE

Tap the New Zone text field and enter the name of the new zone.

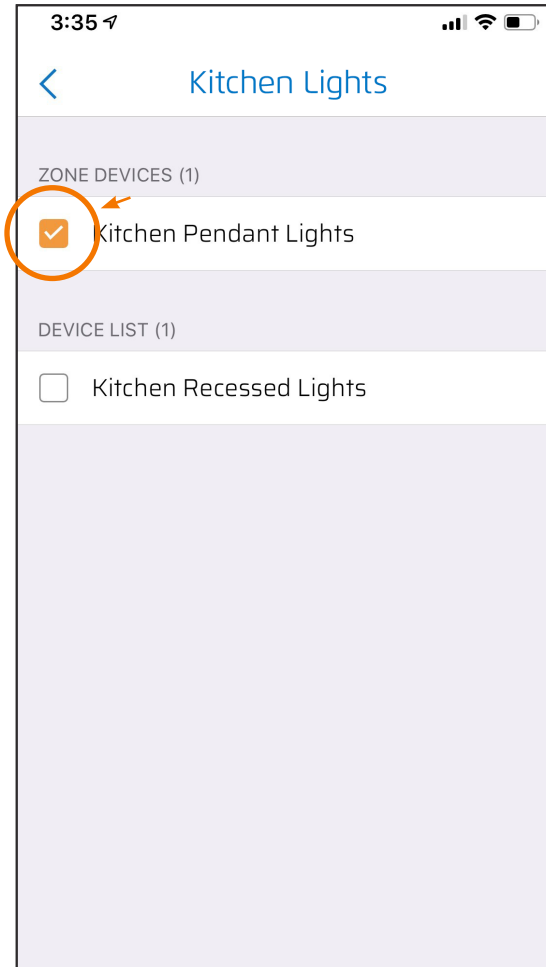

Create and use zones

4. BROWSE CONTROLLERS

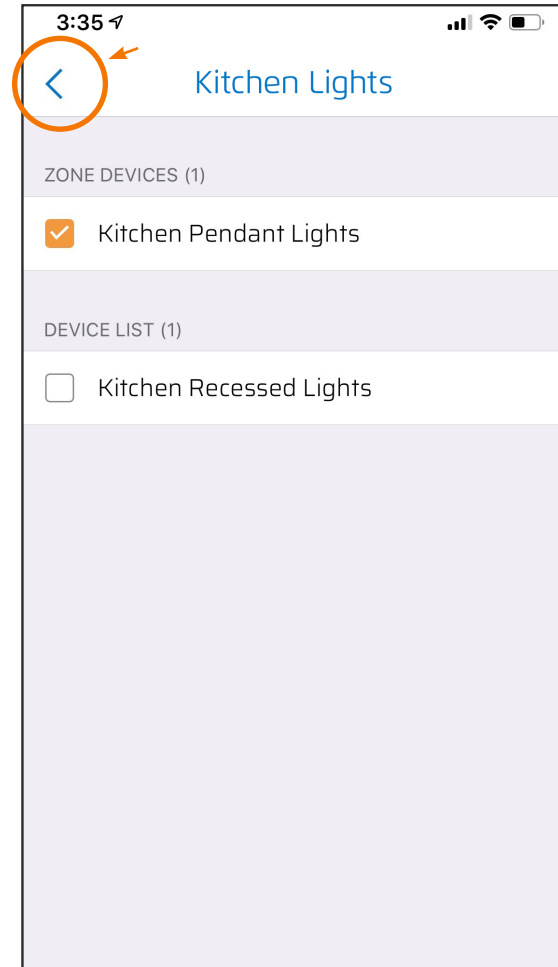

Select which controllers will be in this new zone. Tap "+" in the top right-hand corner to view the all power controllers.

5. ADD CONTROLLERS

Tap the check box beside each power controller to be included in the zone.

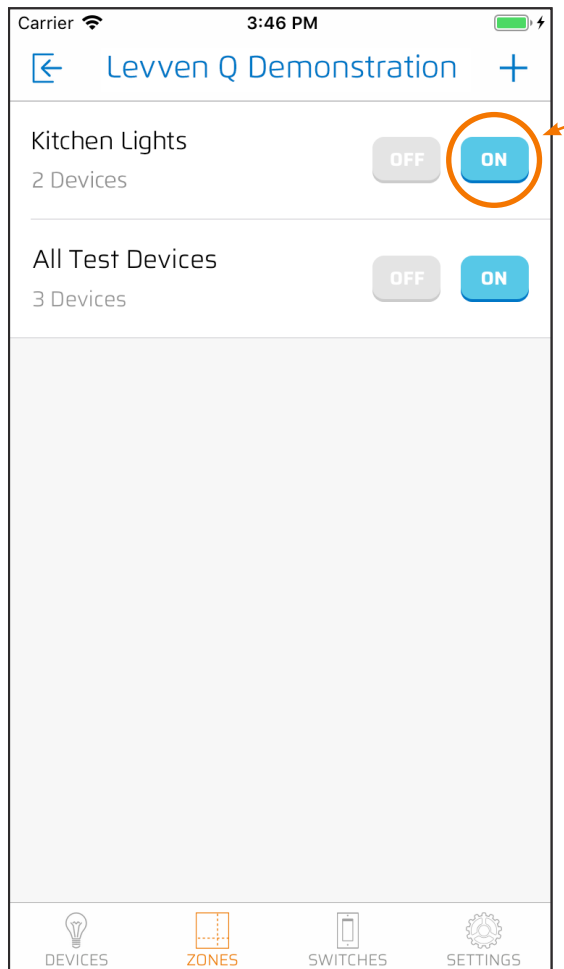

6. RETURN TO ZONE SCREEN

Tap the arrow on the top left corner to return to the Zone list screen.

Create and use zones

7. SWITCH ON OR OFF

Turn the entire zone on or off with one touch.

8. NEXT STEPS

Open the next instruction guide and follow the steps to connect Levven Q to Alexa for voice control.
