7. SEARCH

Tap the magnifying glass search icon and type "Levven Controls" in the search text box.

Select the Levven Controls Action.

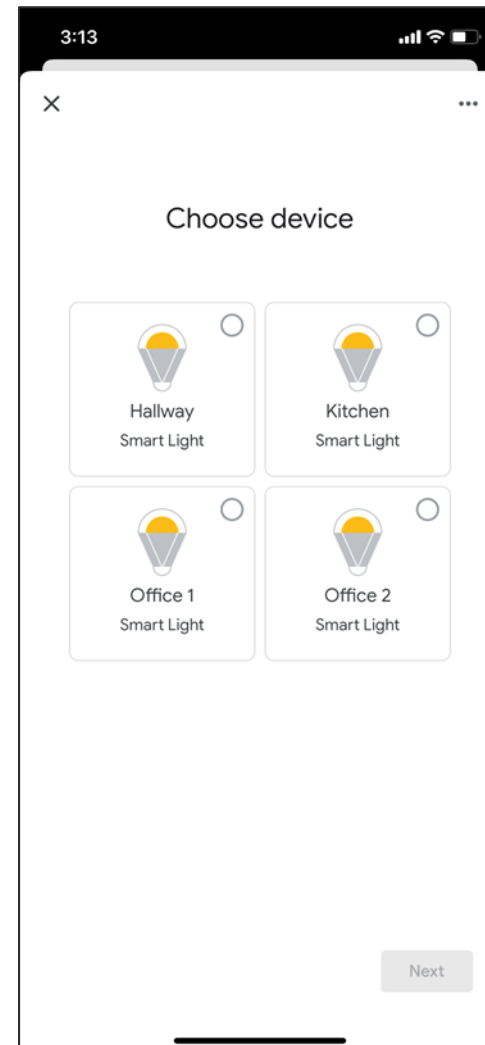

8. LINK ACCOUNT

Link your Levven Cloud account with the Google Assistant Action.

At the prompt, enter the email address and password you used for your Levven Cloud account.

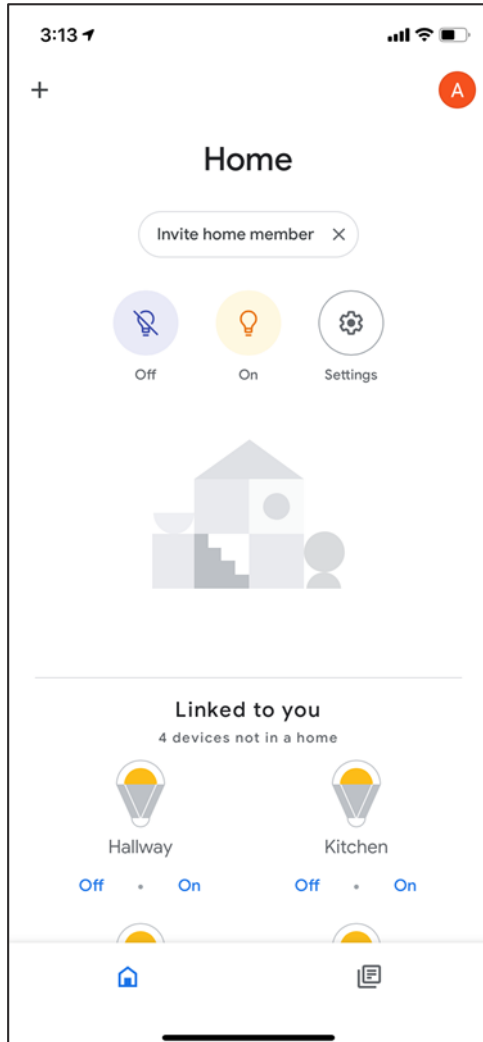

9. DISCOVER DEVICES

Google Assistant will discover one or more devices.

Connecting Levven Q to Google Assistant

10. CONNECT DEVICES

All the discovered devices will be in home screen of the Google Home app.

You can use voice commands to operate all the power controllers throughout the home.

11. NEXT STEPS

You have the option to setup Rooms in the Google Home app.
